Dear Mr. Sblendorio:

Thank you again for speaking on January 31, 2006 at the *Creating Sustainable Communities* Seminar at The College of New Jersey. The event was attended by 110 participants, including 20 municipalities and 2 counties. We have received many positive comments on the seminar and hope to continue this effort by providing additional educational and networking opportunities for communities that wish to initiate or expand their sustainable activities.

Your presentation was informative and inspiring. Green buildings and green design offer municipalities an excellent opportunity to practice sustainability in a way that is direct and easily understood.

Attached you will find a summary of the seminar evaluations. We look forward to hearing more about your work in this area.

Sincerely,

Marty Rosen,  
Bureau Chief  
NJ Department of Environmental Protection  
Division of Science Research and Technology  
Bureau of Sustainable Communities and  
Innovative Technologies

Marty Bierbaum,  
Executive Director  
Municipal Land Use Center  
at the College of New Jersey
